

St. Augustine's in-the-Woods

*Faith, Vision, Legacy —
It's About Time*

July 14, 2009

Dear fellow members of St. Augustine's:

Breaking ground for a new Parish Hall seemed so far away when we began the Capital Campaign last fall. The Building Committee is presently talking with contractors to determine if we have sufficient funds to start this exciting project this Fall.

But we need your help to achieve the goal of our Faith, Vision, Legacy – It's About Time campaign. For those of you who have faithfully met or increased your commitment – thank you. For those of you who are waiting until the end of the year, please consider giving a bit earlier. In this way we'll be able to estimate better whether we can break ground in the next few months. Envelopes are included and more are available in the narthex.

So far we've received \$435,573 for the Building Fund, but we will no doubt need more than that to start. As you may imagine, significant costs have already been incurred for the Capital Campaign, the architect and permitting process with the County.

Imagine the drawing and model of the Parish Hall as a reality. We are making it a reality as we faithfully commit to faith, vision and legacy for St. Augustine's and it really is about time.

In faith,

Isabel Neddow, Building Fund
